WEEKLY ACTIVITIES & STATUS REPORT FOR THE DD/ICS--5 February 1986

CIPC Organizational Activities

- Ray has talked with Brig Gen Norm Wood, Air Force D/ACSI, regarding the Chairman for the Air-Breathing Systems Study. Norm was pleased that we considered the Air Force and is in the process of selecting a candidate chairman for this study effort.
- After receiving word that [redacted] Study had been signed by the DCI, Ray called [redacted] Ed was delighted and said that when the study is considered by NFIC he would be willing to return to Washington to provide whatever support you might need in tabling the study at the NFIC Meeting.
- We have given the CIPC staffers their topic assignments and requested that they provide draft TORs on their primary topic by COB Friday. In addition, they have been provided copies of the preliminary 1986 production schedule. It is our intent to complete these studies in a timely manner.
- The Air Force has alerted Ray to a memorandum from Maj Gen Bissell that in essence reports that the Air Force is so committed to the establishment of the MASINT Committee that they will provide a permanent GS-15 level position to staff it.
- Upon receiving the MASINT package back from you on 4 February, it was sent to the DCI for his approval.
